Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Tuesday 28 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
After a fine start heavy rain will arrive this afternoon.

Today:
A bright start to the day with some pleasant morning sunshine. Clouding over later this morning with long periods of rain this afternoon, heavy at times. A breezy day and continuing to feel much cooler than of late. Maximum temperature 13 deg C (55 deg F).

Tonight:
Heavy rain clearing eastwards this evening with most parts dry by midnight. Clear spells developing after midnight as the wind eases slowly inland. Minimum temperature 5 deg C (41 deg F).

Wednesday:
A bright start to the day on Wednesday, cloud and the odd blustery shower will develop through the morning, though there will still be lengthy sunny spells, especially later. Maximum temperature 14 deg C (57 deg F).

Outlook for Thursday to Saturday:
A very unsettled spell of weather with showers or longer spells of rain, these sometimes heavy or thundery. Temperatures slightly below average. Windy, with gales over the hills at times.
